

Request for Proposals for Engineering Services Ludlow Economic Resiliency Plan: Dean R. Brown Industrial Park

The Town of Ludlow, Vermont and the Southern Windsor County Regional Planning Commission invite firms to submit proposals for preliminary engineering and design services to evaluate expanding the infrastructure at the existing Dean R. Brown Industrial Park in order to allow access to a currently undeveloped 20 acre section of the park. The Town of Ludlow has received funding through the Vermont Community Development Block Grant Disaster Recovery Program to complete activities aimed at improving the prospects of attracting new businesses to Ludlow and to help recover from Tropical Storm Irene and improve its economic resiliency. Qualified applicants will have documented successful experience on similar projects.

Proposals are due on August 18, 2016 at 4:00 p.m. Please call the Southern Windsor County Regional Planning Commission at (802) 674-9201 for Request for Proposal documentation.
