

The Vermont Agency of Transportation  
Invites you to attend a  
**Public Information Meeting**  
**Ludlow VT 103 Bridge 25 Project**

Thursday, April 20, 2017  
6:00 – 7:30 PM  
Ludlow Town Hall  
37 Depot Street, Ludlow, VT  
Small Conference Room – First Floor

The purpose of this meeting is to present the public with an update on the Ludlow VT 103 Bridge 25 Project which will replace the existing two-span bridge that is in poor condition with a single span structure meeting current design standards.

The bridge replacement project is scheduled for construction in the summer of 2017. The bridge will be temporarily closed for a 35 day period. Advance construction activities are scheduled to begin in the spring.

This meeting will provide an opportunity to learn more about the project, provide comments, and ask questions of the project team. A brief presentation will provide information on the construction schedule, detour route, and sources of information during construction.

We look forward to hearing from you!  
If you have questions or would like additional information about the project, please call the Telephone Hotline: (855) 755-5432.
