

Public Meeting

**For Corrective Action Plan Implementation at
160 Clinton Street, Springfield, Vermont
Site known as Jones & Lamson**

Town of Springfield Selectboard Pre-Meeting

Monday, August 10, 2026, 6:30PM

Springfield Town Hall, 96 Main Street, Springfield VT

Virtual Attendance can be found here:

<https://springfieldvt.govoffice2.com>

Springfield Regional Development Corporation (SRDC) will be conducting remediation activities at the Former Jones & Lamson property located at 160 Clinton Street in Springfield to address a release of #6 heating fuel and PCBs in the subsurface. The funding for this cleanup project was made in part available through a U. S. Environmental Protection Agency Brownfields Cleanup grant under the Infrastructure Investment and Jobs Act through the Mount Ascutney Regional Commission.

The public is invited to review and comment on the proposed activities. All interested parties are welcome to view the Alternative Brownfield Cleanup Analysis and other environmental reports for this project, which describe the former and proposed use of the site and the proposed plan for cleanup. Documents can be found at <https://www.springfielddevelopment.org/jandldemo/>.

Members of the community are cordially invited to attend the meeting in-person or virtually to be held prior to the Selectboard meeting and to provide comment. Please contact Town Manager, Scott Pickup at townmanager@springfield.gov or (802) 885-2104 for information on attending the virtual meeting or go to the Springfield town website's calendar at <https://springfieldvt.govoffice2.com> for meeting link and call in information or for special accommodations. Community members may also submit their comments to Bob Flint of SRDC, at bobf@springfielddevelopment.org or at (802) 885-3061.

All comments are to be received by August 29, 2026.
